SATURDAY MORNING OCTOBER 22 1870

Unnecessary Warmth

The *Herald* is working itself up to a high pitch of indignation in opposing the proposition that this city shall take such steps as will secure the termination of the west side road here instead of East Portland We can hardly see the necessity for its terrible adjectives The matter is simply a plain business proposition If citizens of Portland property holders here want the road to terminate on this side of the river they can take [illegible] accordingly, if they are indifferent about it and don t care whether it terminates on this side of the river or the other all they have to do is to let it it alone and the road will run in on the other side That would not be disastrous to Portland but it would be an advantage to the city to have one of railroads traversing the Wallamet valley terminate here, instead of permitting them both to run into East Portland If holders of property here think differently it is very well for them to act on their theory, and oppose any and every attempt to offer inducements to bring the west side road into the city We have doubts whether any constitutional method can be hit upon whereby the city can give the subsidy, but if any constitutional method can be proposed we should be willing to see the subsidy given Its results to Portland would unquestionably be worth far more than the amount of the subsidy proposed The matter is to be looked at not as affecting the interests of Mr Holladay but as affecting the interests of the city If owners of property here don t want any railroad we should be sorry to see one forced on them The subject is one for cool deliberation Yet the *Herald*, we observe in discussing it, is more hot and vituperative than usual It is using all its adjectives in the superlative degree, and squandering its stock of sulphurous phrases with reckless prodigality. It is in a fair way to exhaust its magazine and have no ammunition left for an emergency. It is very severe in its denunciations of a "lobby" which is said to be at Salem laying to get the proposition through But inasmuch as it has not stated that the leading persons of that lobby are Democrats, we deem it right to make that statement for it.

An "Elected" Member "Satisfied."

Andy Shuck of Yamhill who was "elected" to a seat in the House by a partisan majority of that body in defiance of the people of the county he pretends to represent, is, of course, highly satisfied with the situation. He don t want any change Of course not. He is therefore emphatic in his opinion that there should be no new apportionment of members by the present Legislature, so that the people of the State may be fairly and equally represented in that body two years hence, Hear him,

We do not think the counties interfered with We are satisfied with what we have got and I hope the House will vote down the (apportionment) bill

But here is a duty which the Constitution enjoins. Shuck and his fellow interlopers in the Assembly, with all the duly elected members of that body have taken an oath to obey and observe the Constitution But in this [illegible] the majority positively refuse to do it. They treat the oath they have as mere mummery, and declare that they will not be bound by it. And why? Simply for a party reason! "We are satisfied with what we have got," says Shuck and the partisan majority that gave him a seat. Of course they are So are all usurpers. All they ask is to be let alone!

Such [illegible] as those quoted above would be sufficiently censurable if uttered by any member of the Legislature but when [illegible] by a man who was foisted into the [illegible] by so gross an outrage on the people of the county, they become simply outrageous, Yet the majority of the Legislature is composed of just such stuff as Shuck "The [illegible] of the party" is their only rule of action.

Salaries Again

"The Legislature, or at all events, one branch thereof, has passed a bill to increase the salaries of Judges of the Supreme Court The bill is plainly unconstitutional Probably three out of every four of the members who voted for it would, if brought to the point, admit that fact. And the best that any one could say for the measure is that there are grave doubts of its constitutionality

The salaries of our Judges should be increased but it should be done in a lawful manner No person connected with the State Government receives pay enough Yet there is only one way in which the salaries can be lawfully increased. That way lies through an amendment of the Constitution itself When the people adopted the Constitution they fixed in that instrument the amount of salaries to be paid, and the rule they established must necessarily stand till the people see fit to change it

We are glad to see that Senator Baldwin has introduced a resolution to amend the Constitution so as to provide sufficient salaries The several articles proposed by him contain substantially the provisions on this subject which were proposed in this paper some time ago We should be glad to see them adopted by the present Legislature and the next one and submitted to the people for their approval or rejection But we protest against all propositions looking to an increase of salaries in any indirect irregular and unconstitutional way

A recent Washington dispatch states that the Secretary of War has concluded his selection of the officers who are to compose the Board to determine who are and who are not to remain as officers of the army It is said that nearly 500 officers, from Colonels to Second Lieutenants are to be examined before this Board all of whom are reported as unfit for the proper discharge of their duties etc. The Board was to convene in Washington on the 17th inst The following are the officers detailed, as required by the act of July 15, last, Major-Gen W S Hancock, Brig Gen Alfred H. Terry Col C H Smith, 19th Infantry Col Edward Hatch, 9th Cavalry, and Col. R. S McKenzie 24th Infantry Capt. James McMillan, 11th Infantry is detailed as Recorder of the Board

The town of North Adams (Mass) was in a ferment a few months ago on account of the introduction of seventy-five Chinese shoe makers. It is a significant fact that in spite of the "degrading" introduction of Chinese labor, there are now more white persons in North Adams employed in the boot and shoe business than ever before This does not look as if the coming of the "heathen Chinee" would necessarily drive out other laborers, as is so vigorously contended in some quarters

OREGON

An Albany paper states that the [illegible] bridge is now beyond danger from high water and in another week will be completed

A man named Celestian Josylin was drowned at Yaquina Bay a days ago by falling out of a boat He was in liquor at the time

Says the Jacksonville *Times* "This place is about to rival Portland in the number of its thefts and robberies " We beseech the Legislature to give Jacksonville a Police Commission

A few days since at Brownsville the wife of Wm Cochran was thrown from a buggy and her arm broken Other injuries of a very severe and possibly of a dangerous nature were also received

From the Albany *Democrat* Mr Jerry Driggs has sold to Joseph Koutz, of Portland, his residence and eight acres of land in this city, and also his farm on the Santiam about eight miles from Albany The farm comprises 1 000 acres of land finely improved and a sawmill located upon it which was also included in the transfer Mr Driggs receives $19 000 for the entire property

The Albany *Democrat* has this item The individual who shoves this quill has seen many passenger cars in the Atlantic States but none of them would compare in beauty of symmetry and neatness of finish with those now used on the Oregon and California Railroad The President s Car is a palace worthy of some Oriental monarch —but we don t go much on such gorgeous [illegible] when we can t enjoy them ourself Which last remark is very good

Northern Cod Fisheries

A letter from Port Townsend (Oct 18th) to the Olympia *Tribune* gives the following,

The schooner *Alaska* with her cargo of codfish on Saturday morning last left her wharf here and going over to Scow Bay three miles from this city) immediately began her preparations for cleaning and drying her fish A spot there about five hundred yards long, above high water mark and clear of logs and brush and with an inclination to the water s edge sufficiently great to allow the *Alaska* to float near enough to run her plank ashore furnishes an excellent place for drying the fish and laying the vessel to She has already her racks up for drying the fish and with two weeks more of good weather will have 105 000 fish in the market of Puget Sound Messrs Calhoun Waterman & Katz are the consignee It is supposed that the *Alaska* discovered a new fishing bank as while in the Ochotsk sea, she neither saw nor heard of any other of the numerous fishing craft which were cruising in those waters at the same time She brought down a larger cargo than any other vessel of her size and complement of men from the North Pacific has yet done and the fish are of an excellent quality and good average size

James Pinkham and Mary B Pinkham his wife, members of the Society of Friends held a meeting in the Taylor street Methodist Church Thursday evening last. The *Advocate* says the Christian simplicity and earnestness of this good orthodox people commend them to the attention of the public We wish them much success

Lee s Chapel near East Portland having been removed to lands adjoining the parsonage obtained for the purpose of Mr J Tibbetts will be re-dedicated with appropriate services on the 29th inst. Rev W H Rogers, of the Portland Academy will preach at 11 o clock A M. Services also at night.

Rev F X Weninger S J, will most likely arrive in this city to day from Eugene City where he has just concluded a successful mission The *Sentinel* says the Rev Father will go from here to Walla Walla

A contemporary has a long article trying to explain "why money is scarce" and of course attributes the scarcity to the "infamous special class Legislation of a Radical Congress" Now we can suggest a much better and more conclusive reason In the case of those with whom money is scarce, the cause is, generally that they have nothing to give in exchange for it, or are too lazy to work The explanation is a very plain one

Our old friend, the "wild man of the woods," has made his way to California When last heard of a number of daring spirits were endeavoring to capture him, but had not succeeded up to the time the mail left He was seen in one of the caves near Mount Diablo, and showed a set of pearly teeth to the hunters who approached him

In Memoriam

At a meeting of the Hibernian Benevolent Society of this city, held on October 21st 1870 the following resolutions were adopted in memory of Thomas Brannan, who died in this city, October 21st 1870

Resolved That while recognizing the infinite wisdom and mercy of Almighty God and submitting to his divine decrees it is with profound degree that we are called upon to mourn the loss of one who at all times proved himself a good citizen and who by his untiring zeal for the welfare of our association endeared himself to us all

Resolved, That to the afflicted family of the deceased we extend our earnest and heartfelt sympathies and implore our Father in Heaven to console the widow and orphans and extend to them His especial protection

Resolved, That these resolutions be spread upon the records of this Association, and that a copy thereof be transmitted to the family of our departed friend and Brother

Resolved, That these resolutions be published in the daily newspapers of this city

REPORT ON PENITENTIARY MATTERS

Mr Brown of Baker from the Committee to investigate the affairs of the Penitentiary submitted a report It states that the Committee had proceeded with the investigation employing Mr Howell as clerk. Had examined such books and papers as were obtainable at the Penitentiary—no books scarcely found The examination had been hurried and incomplete, and mostly confined to a comparison of the published reports with the vouchers on file ; it intimates that certain frauds are disclosed recommends that the warrants drawn by the Treasurer for carriage hire for the Governor be not paid and recommends that a Commissioner be appointed to thoroughly investigate the affairs of the penitentiary during the recess of the Legislature

Mr Brown of Baker here showed certain books (two) which he said were all the Committee obtained He explained the manner in which they had been kept (He thought badly) The Committee on the part of the Senate had had but little time to devote to the investigation, and had depended mostly on the House Committee for its information Major Berry the late superintendent had not been called upon by the Committee, and he had been afforded no opportunity to explain Mr Brown took up the printed report of the Penitentiary and showed several errors in the accounts He also showed several bills, vouchers, etc, and claimed that they were such indications of wrong doing as called for further investigation. The substance of his showing was in brief that the Committee had made nothing like a thorough examination, that much of the information obtained was from outside parties who were not sworn; [it does not appear that anybody was sworn] and that the Committee had found many things they did not understand

During Mr Brown's remarks other Senators propounded a number of inquiries to him, eliciting the fact that Major Berry had had no chance to explain anything though he had volunteered to answer and explain when called upon by Mr Dorris of the House Committee The committee had not summoned Major Berry at all and the investigation was altogether an ex parte affair

Mr Moores thought the report ought not to be printed as a statement of facts, when it appears by the statements of the committee that the things related in the report are not established as facts An allusion had been made to the sale of the old penitentiary building, he would take occasion to say that he knew all about that transaction and that the sale had been made upon the best obtainable terms—a fair and square transaction he had no objection to an investigation and he would approve the showing of every fact right or wrong He characterized the proceeding as a partisan measure and the report an electioneering document

Mr Stout got indignant at Mr Moores for alluding to a remark he had made jocosely in private conversation and rebuked him He wanted to know why the gentleman (Mr Moores) was so nervous about this investigation and why he sought to evade it. He thought there was such a showing of frauds in the affairs of the penitentiary as called for an investigation and he was in favor of adopting the report and appointing a committee to investigate during the recess of the Legislature [In the course of his remarks, he expressed the belief that the report would be an excellent Democratic electioneering document]

Mr Moores regretted that he had unintentionally given offense to Mr Stout He disclaimed any intent or desire to avoid an investigation On the contrary he was perfectly willing to order an examination What he objected to was the publication of statements as facts which have not been ascertained to be facts

Mr Fay went into the matter somewhat in a promiscuous way—he believed frauds had been practiced and that a committee of investigation ought to be appointed He had a bit of [illegible] Woods and his carriage hire He thought the report ought to be printed and scattered broadcast all over the land

Mr Strahan believed the management of the Penitentiary affair were proscribed by law, and when anything had been done not commanded by law the act was a malfeasance There was no provision in the law for taking the notes of individuals for property sold When Major Berry sold property and took notes he made such notes his own and he ought to be held responsible personally for the value of the property sold

Mr Mosher believed that sufficient ground had been shown for an investigation and that the report of the committee would justify the Legislature in ordering one He was not prepared to believe that the statements in the report might not be satisfactorily explained by the Superintendent

Mr Moores reiterated that he was perfectly willing that gentlemen should have all the investigation they wanted

Mr Brown of Marion said he was a member of the committee appointed to investigate this matter but he had never had an opportunity to meet with the committee Twice he had been invited to meet with the committee but on these occasions the committee did not meet. He never had an opportunity to see the books as they were always away in the hands of the clerk of the committee, Mr Howell He had not learned anything about the matter except from the report made here to day He was ready to vote for a committee to examine the matter during the recess but he would not vote to adopt the report of the committee because he did not know the statement to be true

Mr Cornelius opposed the adoption of the report because it did not show upon its face that such an investigation had been made by the committee as would justify the Senate in publishing the report as a statement of facts The committee had given Major Berry no chance to defend himself or explain the things which the committee did not understand He had no objection to the printing of the report as a fair [illegible] hearing, document [illegible] but he did object to the Senate adopting it as a statement of facts The committee had said in their report and the gentleman from Baker had said in his remarks that the investigation had been only partial It was evident that the examination had been [illegible] superficial How then can the Senate say that [these] things charged are established by the committee as facts in the case He had no objection to make to the proposition to investigate thoroughly he was in favor of it and when such an investigation has been made and the established facts reported then the Senate could adopt the report without compromising its dignity or honor It might be that upon a thorough examination with Major Berry should have a chance to be heard that all these things which the committee now report as evidence of fraud would be explained satisfactorily If not and it should be found that frauds had been committed then he would be satisfied to let the consequences be upon the head of the wrong doer But in advance of an examination he would not vote to impeach the character of anybody as this report is calculated to do

Mr Cochran said he thought it was wrong to print the report when it was acknowledged by the committee to be imperfect and incomplete He would not publish statements of this kind about anybody, Republican or Democrat, till they had been found by searching investigation to be strictly true It was unjust and unfair

Mr Fay moved the previous question

Mr Moores wanted to make a remark, and would be obliged if the gentleman would withdraw his motion

Mr Fay withdrew his motion for the previous question

RELIEF OF UNION COUNTY

Mr Amis from the committee to whom was referred H B No [illegible] an act for the relief of Union county submitted the following report

Mr Speaker Your committee to whom was referred H B No [illegible] have had the same under consideration and beg leave to report the following That they find from a certified copy of the record a statement of delinquent tax for the years 1863 to 1869 inclusive, due from Union county to the State the sum of $5 038 64 In the aggregate that of the amount $891 were for delinquent military tax—a tax which we understand was [illegible] unconstitutional and not paid by the rest of the counties and that $756 were sworn off by individuals and could not be collected and yet the same remain charged by the State against the said county of Union and also that a large amount of the above $5 038 was for delinquent poll tax which was assessed against transient persons from whom it was impossible to collect the same Your committee would further state that the county of Union is a new county and so situated in a geographical point of view that it has been impossible to sustain the county organization without inflicting upon its inhabitants very burdensome taxation ranging from eighteen to thirty mills to the dollar since its organization Your committee would therefore recommend that the bill be amended by inserting in the first blank of section 1 so as to read $2,756 and inserting in the second blank so as to read $2 756 and recommend that the bill pass

APPORTIONMENT—REPRESENTATIVES

Mr Townsend from the Committee on H B 65 An Act to re apportion the representation of Columbia Clatsop and Tillamook counties reported a substitute giving Clatsop and Columbia one Representative jointly and Columbia Clatsop and Tillamook counties one Representative jointly The substitute was adopted

REPORT ON THE PENITENTIARY ACCOUNTS.

Mr Dorris from the committee to examine the books and vouchers pertaining to the State Penitentiary reported having employed W K. Howell to make the examination ; that they had found the Superintendent had kept no cash or sales book by which the amount of manufactures or sales could be ascertained, that by comparing the Superintendent's official report by the memorandums kept by him it appears that $1 000 has been paid by the State twice, the second payment of which is a gross fraud , and that the sum of $[illegible] has been charged by Ex Gov Woods for carriage hire in visiting the Penitentiary which the committee also consider a fraud The report concludes with a statement that the committee had not had time to make a full examination, and recommends that a committee be appointed to make a further examination during the recess of the Legislature.

Mr Dorris stated that one of the committee (Mr O Regan) had failed to be present during the session of the committee He said the committee had not named any committee to make the further examination but thought Gov Grover and his Private Secretary would be a good committee for the purpose

Mr O Regan—I was appointed on that committee I never had the pleasure of meeting the other gentlemen in any committee session and do not know what examinations have been made It is true the Chairman spoke to me about a meeting at one time but it was during the fair and I did not find the committee in session since then I have not met with them That is not the first nor the only time when I have not been invited to attend the meetings of committees upon which I have been appointed I do not know whether it was intended as a mark of personal disrespect or because I was a Republican

Mr Whiteaker—I think the report asks for a little more than the House wishes to adopt It recommends that the Penitentiary vouchers be not paid until the matter be fully investigated There are some of the Penitentiary accounts about which there can be no question, and to refuse to pay them would be to make the State pay interest on them for some time

Mr. Hare—I would like to ask the chairman of the committee one question and that is as to whether he called the Superintendent Major Berry before him and asked an explanation of this matter]

Mr. Dorris said he had questioned Major Berry as to why he did not keep a cash book and he replied that he kept the account of [illegible] by filing the receipts which he has at his house

Mr Hare regarded the report as an attempt to blacken the memory of a man without ever giving him an opportunity to defend himself

Mr Dorris disclaimed any such intention and said his object was to protect the State against fraud

The House refused to adopt the report Ayes 19 noes 21

Mr Amis—I move to refer the report back to the special committee, with instructions to report to morrow at 10 o clock

Mr Starkweather—I move to amend also instructing the committee to call Major Berry before it and receive his explanation

The amendment was accepted, and the motion, as amended, prevailed

SWAMP LANDS.

Mr Dorris from the special committee on the Senate memorial asking Congress to revive the grant of swamp and overflowed lands reported it back with an amendment to set apart the lands for school purposes The amendment was adopted and the memorial also

ROBBING THE SCHOOL FUND

Mr McLain from the Committee to whom was referred the bill to appropriate $200 000 to aid the construction of locks at Oregon City reported that the Committee had had but a short time to confer and they asked for further time.

Mr Olney—I move that the committee have until 2 o clock to day

Mr Whiteaker—As one who is interested in the fate of this bill, I would like to have an explanation as to why it is necessary for the Committee to have further time

Mr McClain—I would say that we have not had sufficient time and have not yet been able to agree upon a report

Mr Whiteaker—Do you think the Committee can agree by 2 o clock P M

Mr McClain—I think the majority could

Mr Whiteaker—I suppose a majority could agree most any time [Laughter]

Mr McClain—I believe two are a majority of them and no two of us have yet agreed

Mr Hayden said the bill was dear to the hearts of many members and as the session will close to-morrow it should not be endangered by delay

Mr Whalley suggested that it be passed over for the present informally

Mr Helm thought no further time should be granted at so late an hour

Mr Hunter—I am in favor of the committee reporting forthwith

Mr Apperson—I do hope further time will be granted As one of the committee I will say that many of us were otherwise engaged [illegible] business last evening [illegible] We met early this [illegible] bill over but did not have time to come to an agreement I for one will ask if further time is granted that we be excused from attendance here and I hope the other members will do the same I have no desire to delay the bill a moment longer than necessary

Mr Whiteaker—I hope the motion will not prevail There are a good many [illegible] in the same fix [Laughter

The motion failed—ayes 20 nays 23

Mr McClain presented a minority report to amend the bill as to give the State ten per cent of the gross proceeds instead of net profits He moved the adoption of the amendment

Mr Apperson—I have a minority report and also a petition from the citizens of Clackamas county instructing their delegation in the House to oppose the bill and also a memorial signed by 200 [illegible] parties asking the Legislature not discriminate in favor of the East Side Company

The minority report recommends that the Governor be authorized by an amendment to the bill to advertise for proposals to construct the locks The report also states that the P T Company have proposed to do the same work for $75 000 less than the amount offered to the West Side Company

Mr Whiteaker—I trust that the amendment will not prevail If the bill has any merit this amendment will take all the merit out of it The gross proceeds is a very different thing from the net proceeds and I am of the impression that the amendment is offered for the purpose of killing the bill

Mr McClain—So far as the intention of killing the bill is concerned it is a mistake entirely That is the first [illegible] the bill as its friends well know and now I will state if the amendment is inserted I will support the bill I desire to secure me [illegible] we are here [illegible] this one [illegible]

Mr Starkweather—By this bill the State is to furnish $20[0,000] of the money to build these locks but is to receive only one-tenth of the net profits Now if the State incurs so large a portion of the expense—largely more than one tenth—why should it not have its proper proportion of the profits If the State were to furnish but one tenth then the provision would be more reasonable but it is to furnish at least one-half and it should have one half the profits Another thing With the small amount of business done upon the Willamette there can be no such thing as net profits in this business, and the State will never receive a cent in return for this gift

Mr Helm—I hope the amendment will not be adopted by the House It would [illegible] the Senate [illegible] the bill

Mr Hare spoke [illegible] such an [illegible] a large portion of the capital [illegible] that the State will never receive a cent in return

Mr Hayden [illegible] in the city [illegible] the bill [illegible]

Mr Apperson [illegible] the people [illegible] without [illegible]

Mr [illegible] was surprised that [illegible] this bill He regarded it as a measure [illegible] the [illegible] party [illegible]

Mr Whalley I wish to say a few words in respect [illegible] I shall [illegible] as well [illegible] the matter was presented I have found [illegible] [illegible] this matter Mr Speaker [illegible] going on in respect to that fund If I felt satisfied that at the present time that gentlemen will have stood up to the mark if they had been true to the duty they would have found [illegible] I never made any [illegible] upon this measure but I am now settled in my view of the matter I am determined as far as it is in my power to thwart their intention What is the fact We find the [illegible] getting up here and presenting a petition in relation to the fund His remarks carefully weighed show that his object is to keep this appropriation in the P T Company [Several voices from the Democratic side of the House [illegible] Whalley

I require no compliments from you of the Democratic side of the House Now Mr Speaker the [illegible] locks [illegible] I have a doubt as to whether the fund should be used in this way Privately I have expressed my [illegible] that I thought Congress could not give an implied consent Its consent must be expressed You can imply nothing from certain acts but every thing depends upon the [illegible] Consequently I am under the impression that that act would be constitutional Now Mr Speaker I understand that this is designed to insure the building of the locks upon the west side of the Willamette at the falls This will be a great benefit to the people of this valley It would open the river to a [illegible] Besides the great amount of business which the enterprise will [illegible] the [illegible] the price of the [illegible] property of the State [illegible] and other enterprises [illegible] In this way the school fund would [illegible] which is provided for [illegible] the State can at any time after twenty years take possession of the locks at a [illegible] valuation Now with these views [illegible] representative of the people I am in favor of the bill The people of our county understand that I will [illegible] before them [illegible] responsibility [illegible] I believe that every gentleman understands the reason why I vote for this bill I feel satisfied that there has been bargaining and sale going on in regard to this matter, and I have fortunately become aware of it in time to assist in defeating the object sought

Mr Paquet said he had opposed all propositions to divert this fund from Common School purposes and he was determined to vote against this one He deemed it necessary to do so in order to preserve his consistency He did not care what company should ask for the money he would vote to give it to none of them He said the charge of bargain and sale could not apply to him

Mr Apperson—I have already occupied my five minutes upon this question but I would like to say one word more

Several Voices—I object

Mr Starkweather—As the delegation from Clackamas has been indirectly charged with bargain and sale I ask permission of the House to say a few words]Object object]

The Speaker—I understand that the gentleman from Clackamas county desires to rise to a question of privilege

Mr Starkweather—The delegation from Clackamas were indirectly charged with [bargain] and sale and I desire to disclaim anything like it

The Speaker The gentleman had better make his statement at another time when the House is in a better mood

Mr Starkweather—I would simply say that there is no such thing as [illegible] bargaining on our part

Mr O Regan—I desire to explain my vote The Democrats are now in the majority here and it is well known that majorities are always held responsible for the laws that are made Now the leading Democrats of the Legislature want to pass this bill and I want to help them commit political suicide [Laughter] I will vote against the amendment [illegible]

The amendment was rejected

Ayes—Messrs Apperson Carson [illegible] Dorris Dunbar De Shiel, Hare [illegible] Holman [illegible] Lockhart [illegible] Mills Olney Paquet Quimby Rader [illegible] weather Thompson [illegible]

Nays—Messrs Alexander Amis [illegible] Burnett, Caldwell Clark Comegys Calloway Carlisle Elkins Earhart Fulton Grant Helm, Hunter, McCoy [illegible] O Regan, Shuck, Savage Whiteaker; Whalley, Waldron and the Speaker—21

Mr Apperson I would ask that the amendment offered by the minority of the committee together with the petition of citizens of Oregon City be read now

Mr Whiteaker One word I think the gentleman has a right to have the papers read The former represents that the east side of the Falls would be a better and more commodious place for the locks than the west side and asks that if the Legislature [illegible] any company, it should give the contract of constructing the locks to the P T Co as that company [illegible] to do the work for $75 000 less than the West Side Company The minority report of the committee offered amend the the bill by authorizing the Governor to let the contract to the lowest responsible bidder

Mr Apperson—I move to adopt this amendment and I [illegible] say a few words It will be observed that [illegible] the [illegible] determined by the Governor after receiving [illegible] all the companies which desire to compete for the work If the West Side offer the best terms let it If the East Side so be it The amendment does not designate the P T Company I want to make one reply to the gentleman from Multnomah (Mr Whalley) who undertook [illegible] against the delegation [from] Clackamas county an infamous falsehood

Mr Whalley, interrupting [illegible] gentleman to order and I demand that his words be taken down and that he be required to apologize for them

The Speaker The point of order is well taken The gentleman from Clackamas will be more guarded in his language

Mr Whalley—I require that the words be taken down and that he apologize for them

Mr Dorris—I think the gentleman from Clackamas was not understood He meant that the application of the words "bargain and sale" to the Clackamas delegation, was a false application

Mr Apperson—I stated that the charge of the gentleman from Multnomah (Mr Whalley) against the delegation from Clackamas so far as shown is false

Mr Whalley Infamously false!

Mr Apperson Yes, infamously false Am I permitted to proceed Mr Speaker?

The Speaker Not until the matter is settled

Mr Whalley—I regard the language as assailing me of uttering a falsehood

The Speaker—The gentleman will understand that in order to bring it in [illegible] he [illegible] settle this matter at all [illegible]

Mr Whalley [illegible] myself either mentally or otherwise The gentleman can [illegible]

The Speaker The gentleman can [illegible]

Mr Apperson—The language related to the amendment and is false

[illegible] not reiterate [illegible] remarks

Mr Apperson—I desire only to say that if this majority desire to pass this bill [illegible] they can [illegible] I shall oppose it at every stage If there has been any bargain and selling [illegible] be responsible for it and not the delegation from Clackamas county I know [illegible] the facts to saying that there has been [illegible] bargaining and sale going on between the members of the Clackamas delegation It may be that there has been some bargaining and selling I believe it is true But it is not on the part of the Clackamas delegation It is from some other county I will not say which county I defy the gentleman from Multnomah [illegible] other gentleman [illegible] to present the first scrap of evidence in support of such a charge I have no fear of any charge that may be made here I am willing that the people shall know all the circumstances and all the facts and if they condemn my course then I am willing to be condemned [Time is up [illegible]

Mr Dorris—I am in favor of the amendment If I was here to [illegible] money out of [illegible] pockets I might favor the bill If I had private [illegible] away I should be as willing to give it to the gentlemen who favor this West Side [illegible] as to anybody else If I had been sent here to vote the [illegible] money away to my political friends I [illegible] vote for this bill But I am here for [illegible] these locks [illegible] [illegible] the latter [illegible] corporation of the West Side [illegible] I [illegible] save $75 000 to the State [illegible] vote for the amendment

Mr Whalley—I will [illegible] monetary manner [illegible] especially since the gentleman from Clackamas has [illegible] his temper There has been [illegible] bargain and sell to day [illegible] in regard to the [illegible] I believe the gentlemen from Clackamas is interested in that company [illegible] ask him if he is not

Mr Apperson—I believe I am not an examination Laughter]

Mr Whalley—Very well I presume not I have not acted inconsistently in the matter I have seen the action of certain persons and I have become satisfied that the programme is to bring up the bills first and break into the fund Then certain Democratic members were to assist in defeating the bill now before us and then to assist in giving the fund to the [illegible] Transportation Company That is the truth I am not to be hoodwinked about [illegible] I would like to ask if the gentleman has not been interested in getting up that big petition from Oregon City [illegible] indicate his [illegible] statement [illegible] I have used petitions [illegible] charge directly I believe what I said [illegible] [illegible] I am independent in this matter [illegible] situation in which the gentleman may mean for me [illegible] attempt [illegible] they are

Mr Hayden [illegible] the House he favored the bill but he would be desired to [illegible] the law [illegible] he has [illegible] Mr Hayden [illegible] regard [illegible]

Mr Amis [illegible] this [illegible] Mr Hayden [illegible]

Mr Alexander [illegible] the only bill of this kind which we [illegible] at an early day the [illegible] House Bill No [illegible] [illegible] interests of the P T Company [illegible] three days after [illegible] towards the gentlemen from Clackamas (Mr Starkweather) [illegible] [illegible] The resolution passed [illegible] the [illegible] Senate [illegible] the bill [illegible] I do not know whether it will be [illegible] by the Governor but I shall support it [illegible] because they will at this late hour jeopardize its fate.

Mr Helm [illegible] the merits of the bill He was determined [illegible] the interests of the State The people demand the [illegible] of the river They are to [illegible] this is the best bill that can be [illegible] and the [illegible] can pass

Mr Starkweather—I shall vote for the amendment [illegible] against the bill and all others for the division [illegible]

The amendment failed by the following vote

Mr Dorris offered to amend by striking out $200,000 and inserting $125 000 It was lost by the same vote as the preceding, except that Messrs Lockhart, Townsend and Whalley voted no

Mr Whiteaker moved to suspend the rules to call up the bill engrossed and read it the third time at once He said he regarded the bill as a good one and perfectly legitimate in its manner of accomplishing the object Even if he believed the fund belonged to the school fund he regarded it as a good investment for the State

Mr Dorris said the bill would benefit three men only —B Goldsmith, Jo Teal and Senator James K Kelly It would not benefit Baker Grant Union, Umatilla Wasco, Jackson, Josephine Douglas Coos Curry Washington or even Lane county It would only benefit a few people along the navigable part of the Willamette river and he did not believe in taking money that belonged equally to all the people for such a purpose

Mr Carlisle offered the following amendment Add to the end of the third section the words provided that at the end of the time designated when the State is authorized to take possession of said locks the State shall only pay said company the value in excess of the whole amount paid by the State under this act and the whole amount paid by the State shall then be paid into the Common School fund "

Mr Carlisle—I do not offer the amendment to defeat the bill With this amendment I will vote for it

The amendment was rejected ayes 16 noes 26

Mr Carlisle—I desire to say a few words as to why I cannot vote for the bill I believe it is a proposition to take money from the school fund without providing that it shall ever be returned My amendment to carry out this end was lost and I shall, therefore vote against the bill

Mr Grant favored the bill He thought some members were becoming crazy about the [illegible] schools

Mr Apperson said he would have voted for the bill with the amendment to open the proposition to competition, but should now vote "no"

Mr Dorris offered to amend by striking out $200 000 and inserting $125 000 The motion failed—20 ayes to 22 nays

Mr McLain—I move to reconsider the vote [illegible] S B 115—An Act [illegible] Commissioner

Mr Dorris—This bill was rejected [illegible] as it is proposed to reconsider that vote [illegible] the members will consider what they are about to do If they have any regard for the rights [illegible] or have any regard for the Constitution I think they will not [illegible] to pass this bill The Constitution provides that the Governor Secretary of State and Treasurer of State shall be a Board of Commissioners to sell the State lands In accordance with this provision a law was passed which will be found on page 5[illegible] of the Code under which these lands can be disposed of Now this Legislature proposes to abrogate that law and to violate the Constitution by creating one [illegible] The bill [illegible] from $[illegible] [illegible] for services that [illegible] [illegible] any land to sell until the Land Commissioner [illegible] There has been bills accepted as yet, and now I want to know if you are willing to pay $10,000 for [illegible] to pay for the services [illegible] before you have any lands to sell I have [illegible] the five mills allotted to me [illegible] in order that members might be [illegible] sufficient for all [illegible] that I hope the House will not create an unnecessary expense to the State [illegible] will not carry out any [illegible] [illegible] nothing [illegible]

Mr Shuck was called to the Chair

Mr [illegible] I do not propose [illegible] The gentleman from Lane talks about act [illegible] as good as we can pass We [illegible] that the Legislature which passed that law was twice as smart as we are This we simply provides that the Legislature shall elect a Commissioner separate and apart from [illegible] the Secretary of State and the State Treasurer of State Commissioners [illegible] these lands Now if the law [illegible] unconstitutional [illegible] The gentleman talks about [illegible] I do not understand [illegible] Now it is well known that not [illegible] East of Oregon [illegible] patent for his land with [illegible] delay Almost every State in the Union has a [illegible] system We [illegible] We are [illegible] by the board rules the Legislature [illegible] I have no preference as to which [illegible] but I want to see the bill [illegible] I shall vote for the reconsideration and for the bill afterwards

The Speaker—Two thirds of members present

Mr Dorris—According to that rule the House refuses to reconsider

Mr Hayden—It requires a majority only

The Speaker—I am in an error I was thinking of suspending the rules

Mr Hayden resumed the chair

Mr Dorris—I move to suspend the rules and read the bill by title

Mr Dorris—I move to amend by committing the bill to a committee of three.

The latter motion failed 21 to 17

Mr Dorris—I move that the bill be indefinitely postponed

The motion failed

Mr Dorris—I move that the bill be laid upon the table

Mr Lockhart—I move to indefinitely postpone that motion

Mr Amis—That would kill the bill, wouldn't it ?

The Speaker—The Chair thinks so [Laughter]

The motion failed

Mr Lockhart opposed the bill He read Section 5 of Article 8 of the State Constitution and claimed that the bill was a direct violation of it He had no objection to the object aimed at by the bill but he thought it extravagant and unconstitutional

Mr Dorris read the law on page 864 of the Code, and argued that there is not business enough to justify the creation of the office even if it were constitutional to do so

Mr Hayden urged the necessity of the passage of the bill in order to facilitate the obtaining of titles to lands He believed the interests of the school lands demanded the creation of the office.

Mr Dorris said he opposed it in order to save the State $4 000 a year

Mr Hare believed the bill to be unconstitutional and extravagant. He reminded Mr Hayden that he had opposed the school bill because it increased the taxes one mill on the dollar and he asked what consistency there could be in favoring an unnecessary law that would create more expense than would pay the salaries of all the State officers, the Superintendent included He had confidence in Gov Grover that he would select fully as capable a man as Clark of the present Board of Commissioners as the Legislature could wish

The House refused to suspend the rules—27 ayes to 1[illegible] noes and the bill was ordered to its second reading to-morrow

Let us Discuss the Great Question

What is the most important of all earthly blessings in the estimation of every intelligent human being

Clearly it is Health for without that [illegible] and mind [illegible] to the enjoyment of all the other good gifts of Providence.

How then shall those who possess this inestimable treasure endeavor to preserve it and how shall those who have lost it seek to recover it?

These questions have been asked in all ages, but never have they been so satisfactorily responded to as at the present day and the answers which common sense enlightened by science and experience gives to them in the Nineteenth Century may be briefly stated thus

To protect the system against all influences that tend to [illegible] disease there is nothing like invigoration [illegible] the health [illegible] basis when it has been [illegible] the system must be simultaneously strengthened regulated and [illegible]

[illegible] agency of [illegible]

All these are [illegible] effectually blended in Hostetter's Stomach Bitters They contain nothing drastic, irritating or inflammatory The juices and extracts of laxative herbs, roots and barks are their sole medicinal ingredients and these are rendered diffusible by combining them with the spirituous essence of rye the purest of all alcoholic stimulants

The weak and feeble, and especially those suffering from biliousness, indigestion and nervousness, absolutely require the renovating aid of this powerful tonic and alterative during the heated term, and cannot prudently dispense with it for a single day. A word to the wise is sufficient

The German Press on French Responsibility

[illegible] Zeitung [illegible] Sept[illegible]

We [illegible] internal [illegible] France [illegible] has [illegible] sought [illegible] the present possessors of power were the most honest and peace loving of men their best intentions would give us no security to-day they are at the helm to morrow another may take their place. It will always be possible to win the French nation over to war, if it escapes without punishment even after its recent reverses. But the present possessors of power [illegible] To day extreme need draws from them words of peace but as [illegible] recovered from their present difficulties they will again excite the nation to war as they did the other day. Spicheren, Woerth, Metz and Sedan give a very different reason for vengeance from the pretext of Sadowa. Every peace will be for the French a shameful one so long as the unexampled disgrace of their armies has not been washed away. Ought we forsooth to allow our utmost [illegible] in order that the peace may be a lasting one?

We were greatly to be blamed because we did not make better preparations for the war says old Guizot when he asks help from England. This is the language of French pride and conceit. Napoleon's fault was that he mad ebad preparations for the war and the problem for France now is how to retain every inch of her territory and to recover her honor lost in battle. This is the language used by the colleagues of M Jules Favre when they address the French. The Provisional Government has set itself the task of deceiving its own citizens by boasting of its strength and foreign nations by assurances of its love of peace. We should be alike foolish and guilty if we were to allow the slaughtered victims and the nameless suffering of this destructive war to be expiated by a few hypocritical phrases. The struggle of nations is not a friendly contest ending in a well framed speech. We do not grudge to the French in their deep humiliation the consolation of their domestic revolution, but the new name does not deceive us. We know the past history of the men, and the character of the people they are the ancient enemies of German greatness and German independence. We consider it natural that the humiliated nation should collect its last forces for the utmost resistance, and seek to hide its crimes from the eyes of Europe, but we are not to be deceived by the borrowed language of virtue nor to be frightened by threats. We have a quiet conscience and the world bears us witness that we did not break peace but that we struggle for our safety in a most righteous war of self-defence. This character of the struggle is not altered by the merited misfortune of the French, nor is it affected by the change in the form of the Government of France.

The Gatling Gun.

INTERESTING EXPERIMENTS IN ENGLAND

The London *Telegraph*, of September 17, says: The experiments with the Gatling battery gun were commenced at Shoeburyness on the 14th, and terminated yesterday as far as the first programme was concerned. In the course of a few days the official report of the operations of the 'original mitrailleuse,' as it is termed, will be in the hands of the public. Meanwhile, the following casual details may not be interesting. On the 14th the small Gatling gun, of forty-two one hundredths of an inch caliber was tried. This gun has ten steel barrels, and is made of any proper caliber as to suit the musket cartridges used by different governments. It was fired at the rate of about 350 shots a minute. On the 15th, the one-inch gun was tested. This is the third or largest gun of the system, and is made with six, sometimes with ten barrels, and discharges solid balls half a pound in weight. It also uses a canister cartridge which contains sixteen balls. It also discharges explosive balls with great effect. At this test it discharged 255 half pound balls in one minute and eight seconds, and riddled the target at 1,400 yards. On the same day the small gun (No. 1) was again discharged at 1 400 yards, and made an excellent target, firing about 375 shots a minute. It was also fired at dummies representing a company front, on uneven ground, the men being disposed in irregular order. There were 136 dummies, representing men, ninety-nine of whom could have been killed. The average hits were four in each man. Yesterday the small gun was again fired at various ranges, from 1,200 down to 400 yards at targets and at dummies. The firing was at the same rate and speed as before, making the same targets and producing the like destructive effect among the dummies. All on the ground seemed to agree that they had seen the [illegible] of a weapon of unprecedented power.

Flogging Women in Russia.—It does not appear that the ladies of Russia are any better than their sisters of this country, and yet the rod is not spared on them. They are flogged enough to make them very superior beings, if there is any virtue in licking lasses. A book with the inviting title of "The Rod in all Countries" says that ancedotes of the flagellation of ladies in Russia could be multiplied to any extent. The author says, "It was stated a few years ago in a German newspaper that three of the most beautiful women of St. Petersburg were driven direct from one of the imperial balls, in their own carriage, in all their finery of satin and lace, to the police station, and, after being mounted on a man's shoulders, with their dresses tucked up, were smartly whipped with a birch rod. No explanation was given, but they were dismissed with the significant caution to hold their tongues in future. At another imperial party some young ladies, who had been chatting too freely were politely escorted by a [illegible] to a distant apartment, where, [illegible] to kneel over an ottoman, they [illegible] severally [illegible] by a female house-[illegible] with their satin slippers, and then [illegible] If this is true, it explains the [illegible] that has lately attracted [illegible] This objection of [illegible] probably comes of permitting [illegible] to have the alphabet. There is really no safety when that is conceded.

The editor of the Willimantic (Conn.) *Journal* has received the following epistle for advocating town assistance to the Air Line railroad:

"Windham, Conn Sept 18 1870. Editor: I want my paper stopped i can t stand it to have you telling me how to spend my money nor i won't. When you told folks to vote YES you over steped your orthority. As a publick journalist i hold yourn o rite to ad[illegible] what you do. Napolin you say is a grate man and I say he ain t, and your pinion aint no better an mine. Railroads is a humbug. Taxes is a burdine and your a fule. Stop mi paper Ill never pay a nother sent. Yours, etc."

A new description of parachute shell, by means of which a very considerable extent of country can be effectively lighted up to enable the operation of troops at night to become discernible, has lately been tried by an English commission. Three of the shells were fired to a great height from a single gun when at an altitude of upwards of 600 feet they exploded, and a parachute descended from which was suspended a vessel containing a magnesium light of great brilliancy which lighted up the whole extent of Chatham Lanes, the bodies of troops scattered about which were plainly discernible from all parts of the garrison.

This is how warts come: "The papillomata (warts, condylomata epithelioma) originate essentially in an active neoplastic process taking place in the rete, which penetrates to a greater or less extent into the likewise hypertrophied connective tissue matrix of the corium. The papilla of the cutis here too, perform only a passive role, their elongation and dendritic form being occasioned by the hypertrophy of the epidermis while the elevation of the surface of the skin is due to the hypertrophy of both.

NOTICE.

HOLDERS OF TICKETS to the GIFT CONCERT in aid of the Mercantile Library Association, are hereby notified that the Concert is postponed until

Unforeseen interferences have operated to make this delay necessary to accomplish the object of freeing the Library from debt without the issue of other privileges granted by act of the Legislature passed February 13 1870.

This is positively the only postponement which will take place. The Concert will take place on that day at [illegible] commencing at [illegible] o'clock A M, and to continue until all the gifts have been awarded.

The funds already in bank are considerably more than sufficient to insure the successful completion of the contract with the public.

All tickets remaining unsold at that time will be withdrawn from sale and cancelled. They will be advertised by their numbers on the 29th day of October 1870 in one or more of the daily papers of this city. Any diminution thus made in the number of tickets to be drawn, will not affect the number or amount of gifts. They will be as heretofore advertised to wit 628 gifts amounting in all to $1,000 000 gold.

Ticket holders residing out of San Francisco will receive duly accredited lists of the awards of Gifts which will also be published in the leading San Francisco daily papers on the 1st November 1870.

TO THE UNFORTUNATE.

NEW REMEDIES, NEW REMEDIES

Dr Gibbon's Dispensary,

623 KEARNEY STREET, NEAR COMMERCIAL, San Francisco. Established in 1854, for the treatment of Sexual and Seminal Diseases, such as Gonorrhoea, Gleet, Stricture, Syphilis in all its forms, Seminal Weakness, Impotency, etc. Skin Diseases (of yearsstanding) and Ulcerated Legs successfully treated.

Horrible Diseases.

How many thousands of persons, both male and female, are there who are suffering out a miserable existence from the effects of secret indulgences, or from virus absorbed into the system! Look at their pallid emaciated and disfigured faces and their broken-down constitutions, disqualifying them for the happiness of marriage or the enjoyment of life. In this horrid situation thousands suffer until death closes the scene. Let parents, guardians friends, attend to those who are suffering with any of these horrible life-destroying maladies, see that they are cared for and cured before it be too late. Send them immediately to Doctor Gibbon a physician who has made private disease his especial study for years and who is certain to cure the most inveterate cases without mercury or any injurious drugs. It is important to those who are afflicted or to those who are interested in the welfare of their friends to be careful of the many pretended doctors who infest all cities publishing their skill in curing all diseases in a few days, imposing upon the public by using the names of eminent physicians from Europe and other places. Be therefore careful and make strict inquiry or you may fall into the hands of those charlatans.

Seminal Weakness.

Seminal Emissions the consequence of self-abuse. This solitary vice, or depraved sexual indulgence, is practised by the youth of both sexes to an almost unlimited extent, producing with unerring certainty, the following train of morbid symptoms, unless combatted by scientific medical measures viz. Sallow countenance dark spots under the eyes pain in the head, ringing in the ears, noise like the rustling of leaves and rattling of chariots uneasiness about the loins weakness of the limbs confused vision, blunted intellect loss of confidence diffidence in approaching strangers a dislike to form new acquaintances, a disposition to shun society loss of memory, hectic flushes pimples and various eruptions about the face, furred tongue fetid breath coughs consumption night sweats monomania and frequent insanity. If relief be not obtained should apply immediately either in person or by letter, and have a cure effected by his new and scientific mode of treating this disease which never fails of effecting a quick and radical cure. Dr G will give One Hundred Dollars to any person who will prove satisfactorily to him that he was cured of this complaint by either of the San Francisco quacks.

MARRIED MEN,

Or those who contemplate marriage who are suffering under any of these fearful maladies should not forget the sacred responsibility resting upon them nor delay to obtain immediate relief.

DOCTOR GIBBON is responsible and will give to each patient a written instrument binding himself to effect a radical and permanent cure or make no charge.

CURED AT HOME.

Persons at a distance may be CURED AT HOME by addressing a letter to Dr Gibbon stating case symptoms length of time the disease has continued and have medicines promptly forwarded free from damage and [illegible] to any part of the country with full and plain directions for use for Ten Dollars sent in registered letter or through Wells Fargo & Co.

Caution to the Unfortunate.

Beware of the San Francisco quacks and pretenders who, with bogus sworn to certificates dupe the unwary. Some of the self styled doctors whose names are to be found in the daily and weekly newspapers of San Francisco and other places are tradesmen and became too lazy to work at their trades. Some are tinsmiths shoe makers newspaper carriers Intelligence office keepers etc. Look over the San Francisco Directory and you will not find their Medical Institutes in it but you will find the former occupations in it. Look at the Directory for 1862 and 1863. The only way to avoid imposition is to make enquiry. It will cost you nothing, and may save you many regrets; for as advertising physicians in eight cases out of ten, are bogus, there is no safety in trusting any of them until you know who and what they are. Dr Gibbon does not deceive people by exhibiting bogus titles certificates, pretended patient's letters etc. Dr Gibbon will satisfy persons who may call at his office of his ability to treat diseases that he proposes to cure.

Address DR J F GIBBON 623 Kearny street, cor of Commercial (Private Entrance on Commercial) San Francisco. Post Office Box 454.

REMEMBER TO PUT BOX 454 ON THE LETTER.

Consultations FREE.

Correspondents will please inform DR GIBBON that they read his advertisement in the *Daily Oregonian.*

THE RIVERSIDE

HOMESTEAD ASSOCIATION!

OF

EAST PORTLAND, OREGON,

IS NOW PREPARED TO RECEIVE SUBSCRIPTIONS to their Stock.

Application for ONE HUNDRED SHARES was made before the books were opened, and a large number of Shares have been taken.

The following extracts from the *Oregonian* and *Bulletin* will convey a good idea of the plan and working of the Association, the location of the land, etc., etc.

RIVERSIDE HOMESTEAD ASSOCIATION.

This association of whose organization we gave an account a few days since, is now ready to dispose of shares. As it is with one exception, (the Portland Homestead Association,) the pioneer organization of that kind in this city, it may be well enough to state what are its [illegible] and the manner in which it is proposed to conduct its operations. The purposes of these Homestead Associations are not at all speculative in the ordinary sense of the word. They are [illegible] for the profits of their investment [illegible] general advance in the value of their lands consequent upon the co-operation of many [illegible] shareholders—and the advance in value of all surrounding lands by reason of the growth of population and demand for room outside of but still near the city. The Riverside Homestead Association has a fraction over one hundred and twenty acres of land situated just south of Brooklyn on the east side of the river, the northern boundary line being about one mile from the ferry landing at East Portland. The tract lies in one strip along the Willamette river half a mile in length, and another strip along the Oregon and California railroad, half a mile in length, the two strips being connected near the middle by two rows of blocks (with a street [illegible]) the whole forming a figure not unlike the letter H. It is divided into 74 blocks, 220 by [illegible] with streets running at right angles, and 40 fractional lots, along the river front. The shares number 600, worth $60 per share. It will be seen that a share thus represents nearly an undivided interest in the 80 [illegible] fractional shares are to be sold off at the proper time for the benefit of the Association [illegible] coming in for the proceeds in proportion to the number of shares held. When all shares are taken and the Association [illegible] determine to do it, the choice of lots and blocks will be put up at auction to the highest bidder the proceeds of such sales [illegible] the original price of shares or lots, to be divided equally among the whole body of [illegible] Thus, if a person wants a particular lot or block and is willing to pay $100 or $500 [illegible] (more or less as the case may be) he pays it and takes the lot or block as his individual property, the premium being divided among the whole of shareholders. It will be seen [illegible] everything is co-operative, and all [illegible] No man can make a dollar out of it without also making a dollar for every other shareholder. There is no chance for [illegible] the property, by some chance, should [illegible] far below the first actual cost, whether that is liable to happen in the case of [illegible] tract of land must be judged by each for [illegible] but considering the steady and [illegible] advance on real estate in this city [illegible] hood, and at East Portland and vicinity in the last year or two, it seems hardly [illegible] values to go back.

In the Riverside Association all [illegible] tions seem to have been taken to guard against monopolies of shares. No person is allowed to buy more than the number of shares [illegible] three blocks, or twenty-four lots, and [illegible] terminating the operations of the Association [illegible] restricted in the same [illegible] The buyer of shares may pay down $60 per share [illegible] exempt them from all [illegible] or they may pay $15 quarterly with [illegible] share, payable with the first installment [illegible] liable in this latter case to [illegible] other) assessment of $3 per [illegible] payment of the shares in full, [illegible] as above, the holder is entitled to his [illegible] and his proportion of all the profits [illegible] all sources. No officer of the Association [illegible] any pay for services [illegible] gets $25 per month, so it will be seen that the expenses must be light.

That part of the tract lying along the river is a high plateau, nearly level, about 50 to 60 feet above the water. There is no part of the first row of blocks but commands a [illegible] view of Portland and the river for miles up and down stream. That part of the tract lying along the railroad is, every foot of it, of the richest loam soil and adapted to gardening purposes. A beautiful little stream of pure water runs through almost the entire length of this strip of the tract, affording the means of irrigation and power sufficient to supply pure water to every part of the whole tract. There is not a [illegible] lot in the entire tract. Under all these advantages, it would seem impossible that there should be any chance of loss to shareholders [illegible] year each shareholder will [illegible] perfect title to as many lots [illegible] represent or he may continue [illegible] vided with the Association while the [illegible] tion may exist.—*Oregonian.*

THE RIVERSIDE HOMESTEAD [illegible]

We have been led to make these [illegible] fact that the subject of making [illegible] skirts of this city and East Portland [illegible] discussed here among all classes and [illegible]

Riverside just south of East P[illegible] been established. The site selected is a tract of land [illegible] ing a little over a mile south of the ferry landing [illegible] shaped like the letter H, one side of which, a half mile in length, borders on the river.

From this portion of the [illegible] but a trifle above the other prong of the H, but is at forty or fifty feet above the river, can be had an extensive view of Portland, East Port[illegible] the Willamette river for several miles. The land is very fertile and is partly covered with light fir timber. A tract of land just wide enough for two rows of blocks with an avenue between them, connects the west prong of the H (which has already been [illegible]) with the east [illegible] This last tract of land is in a [illegible] valley which is now under a high state of cultivation. Through its whole length runs a trout brook, the water of which is clear as crystal. With a hydraulic ram the Association proposes to have water conveyed through pipes to every portion of the [illegible]—*Daily Bulletin.*
